# THE BEDTIME LIFT

*15 minutes. Zero noise.*

A silent dumbbell circuit for after the kids go down. No jumping, no dropped weights, nobody wakes up.

THE WORKOUT

# 3 ROUNDS, 15 MINUTES

**The rules:** no jumping, no dropping weights, socks or bare feet, phone on silent with a timer running.

| MOVE | EACH ROUND |
|---|---|
| **Split squat** | 10 each leg |
| **Floor press** | 12 |
| **Bent-over row** | 12 |
| **Plank** | 30 to 45 sec |

Rest 60 seconds after each round. Stop every set when you have about 2 good reps left.

## SPLIT SQUAT

Long stance, dumbbells at your sides. Drop the back knee straight down. Front heel stays flat. Hold the couch for balance if you need to.

## FLOOR PRESS

On your back, knees bent. Press both dumbbells up, lower until your upper arms touch the floor.

## BENT-OVER ROW

Hinge forward, flat back, dumbbells hanging. Pull to your ribs, squeeze, lower slow. Quiet is the point.

## PLANK

Forearms down, body in one line. Stop when your hips sag.

General fitness information, not medical advice. Check with your doctor before starting if you have a health condition or injury. Stop any move that causes sharp pain.
